

Doctoral Agreement

According to the UZH doctoral regulations of the Faculty of Medicine (MeF), (*Promotionsverordnung*, 2 March 2009, PVO § 23), the doctoral agreement has to be initiated with the PhD Program Coordinator within 6 months after the registration as a PhD student. This agreement is concluded between the student and the Dissertation Committee. The committee consists of at least two experts specialized in a related field. The chairperson of the committee (Leiter/in) must be entitled to award doctorates (*Promotionsrecht*) at the Medical Faculty (PVO § 6).

A progress report meeting has to take place every year between the doctoral student and the Dissertation Committee members (PVO § 7 Abs. 3). The doctoral candidate is asked to send the committee members and the Program coordinator a research plan (for the 1st meeting) or a progress report (subsequent meetings) prior to the meeting. The outcome of these meetings is documented by the PhD Program Coordinator with a copy to the PhD student and his/her main supervisor.
